U3A - AAD - Zoom Group - Meeting Programme 2026

Art Appreciation D - Zoom Group Meetings

The Group meets on Zoom at 3.00pm every two weeks for most of the year but reduce to once per calendar month for the summer period. Our planned meeting dates in 2026 follow, along with examples of typical topics chosen by members.

From a topic agreed in advance, members can either contribute by observing and commenting on the works of art presented by other members or present their selections. Topics can be a gallery, an artistic movement, geographical area, or the likes. Members who wish can present images of their selected works on Zoom

Presentations can be made either from a tablet, iPad or computer using the Zoom screen sharing option. As examples only, members can display a downloaded image of the works, use a web link to the works and some use a Power Point type presentation. How and indeed whether to present is the individual choice of the member.
